# Math Minutes Exercise 

On each of the following pages, you will see two or three days of the week. Each day has a series of addition and, later on, subtraction problems. Your goal is to correctly write in the answer for each problem and get all of the answers for a given day completed in one minute of less.

Each page gets a bit harder and the number of problems to solve in a given day increase but the time limit remains one minute.

Good luck! I know you can do it.
